📍 Kathmandu, Nepal

## Objective

To apply my academic knowledge in Computer Engineering and continuously develop technical and professional skills while working on real-world problems.

## Technical Skills

C Programming

C++

Python

HTML & CSS

## Certification

Basic Computer Networking

HTML & CSS Fundamentals

## Soft Skills

- Problem Solving
- Time Management
- Willingness to Learn
- Basic Communication Skills

## Education

**Bachelor in Computer Engineering**

Institute of Engineering (IOE)

Year:(2024-2028)

## Experience & Academic Projects

### Networking Lab

Basic LAN configuration and IP addressing using Cisco Packet Tracer.

### Programming & Database Labs

C, Java basics and SQL queries for data handling.

## Web Development Project

Responsive portfolio using HTML5, CSS Grid/Flexbox, and media queries.

## MATLAB Communication Lab

AM, FM, and PM signal simulation and analysis.
